

Absorbents

Ensure safety and compliance with our spill absorbent solutions, including Justrite PetroPad™ with Smart Polymers, which effectively absorbs and solidifies hydrocarbons into non-hazardous solids while being reusable and eco-friendly. The Drip Pad Refills capture small leaks, preventing contamination and complying with EPA regulations. Our EP100 Medium Weight Oil Only Pads wick up to 25 times their weight in hydrocarbons, offering a cost-effective spill management option. For larger spills, the XSORB Edge Heavyweight Absorbent provides instant wicking action and is safe for disposal. Finally, the Recycled Tuff Rug Roll combines durability and high absorbent capacity for high-traffic areas, ensuring a clean work environment. Together, these products enhance safety and efficiency in spill containment and cleanup.

Features

Justrite PetroPad™

- Size: 24" W x 0.63" D x 18.1" H - 53.9 in W x .63 in D x 85.8 in H
- Capacity: Up to 1.2 - 11.7 gallons
- Features:
 - Smart Polymer Technology: Absorbs and solidifies oil, diesel, and gas into non-hazardous solid.
 - Reusable & Portable: Washable and easy to dispose of; compliant with TCLP and EPA tests.
 - Environmental Protection: Allows rainwater to flow through while trapping pollutants, reducing contamination.

Drip Pad Refills (5 Pack)

- Dimensions: 21"W x 23"L - 24"W x 36"L

Features:

- Capture small oil leaks and drips before they contaminate the ground or create unsafe work surfaces
- Helps comply with EPA SPCC regulations
