

Recycling and Waste Containers

Bullseye Trio

The Bullseye™ Trio sets the industry standard in recycling stations! The Trio has all the same great features as the Duo, with an additional third compartment! With three distinct hole shapes this recycling unit encourages source separation on site. These stations are moulded to last with high quality construction at a reasonable cost! The Trio comes with three sheets of labels of your choosing and three removable 550 liners! (Liners are 18 imperial gallons, and 30”x 38” garbage bags should be used). Options: Galvanized steel base with 5” swivel casters, stainless steel flaps for outdoors.

Available Colors

Bullseye Duo

The ultimate 2 in 1 solution

Bullseyes™ combine recycling and/or waste disposal in one convenient station so you only have to invest in one unit! All of TECHSTAR’S™ Bullseyes™ have heavy duty rotomoulded bodies so they will last for years and years. The lid is lockable, and the Duo comes with two 550 liners. (Liners are 18 imperial gallons, and 30”x 38” garbage bags should be used). Sheets of labels are included in every box, both English and French. Options: Galvanized steel base with 5” swivel casters, stainless steel flaps for use outdoors.
