

## Scrubbers

For shiny floors With Kärcher scrubber driers, floors are hygienically clean and spotless. Sparkling performance guaranteed. Our all-rounders and specialists complete all kinds of home cleaning tasks quickly and economically.

### Compact

Compact floor scrubbers are ideal for daily scrubbing of areas up to 1,400 m<sup>2</sup> per hour. Award winning and innovative design provide you with the best in daytime cleaning.

### Walk-behind scrubbers

Walk-behind floor scrubbers are the most diverse of the scrubber line-up. These innovative floor scrubbers are ideal for cleaning medium to large areas up to 2,600 m<sup>2</sup> per hour efficiently.

### Step-on scrubber driers

Users of these machines stand on the platform. The innovative step-on concept combines the manoeuvrability of a walk-behind with the speed of a ride-on.

### Autonomous scrubber driers

The compact, manoeuvrable scrubber dryer robot is impressive, not only in environments where space is limited, but also over large areas, making it ideal for floor cleaning in the transport sector, retail units and shopping centres, healthcare settings, public buildings or for cleaning production and manufacturing halls in industry.

### Ride-on scrubbers

Ride-on scrubbers offer the most cleaning power and comfort. Designed for industrial use, these robust machines are capable of cleaning up to 6,000 m<sup>2</sup> per hour.

## Ride-On Floor Scrubbers (Heavy duty industrial)
