

Specialty Lockers

- Upgrade your locker room with our premium selection of lockers, each designed to meet the needs of various environments—from luxury spaces to high-traffic, moisture-prone areas. Choose from a variety of materials and finishes to create the perfect storage solution.

Features and Benefits

Wood Lockers

- **Features:** Available in various wood species like cherry, walnut, and maple, with customizable stains and luxurious 1-inch thick doors.
- **Benefits:** Creates a high-end, country-club look with modern amenities such as USB charging and integrated lighting. Perfect for upscale environments.

Glass Lockers

- **Features:** 1/4 inch tempered glass doors with soft-closing hinges and a variety of trending back-painted colors.
- **Benefits:** Adds a polished, modern look while providing durability in high-moisture environments. Ideal for luxury spaces like spas and gyms.

Phenolic Lockers

- **Features:** Water-resistant and durable phenolic material with concealed hinges and a smooth finish.
- **Benefits:** Perfect for wet and humid environments like pools and spas, offering long-lasting quality and protection against graffiti and impact.

Nanolam Lockers

- **Features:** High-tech laminate that resists scratches, fingerprints, and bacteria. Thermal-healing for minor abrasions.
- **Benefits:** Ideal for high-use areas, with anti-microbial properties and a luxurious, velvety finish that's easy to maintain.
