

Stationary Door Cabinets

Rousseau's superior-quality door cabinets are safe, secure and allow you to efficiently store larger items. Several models are also compatible with drawers for even more versatile storage.

Door cabinets provide efficient storage for machine shops. Assembly line employees need flexible solutions including cabinets and workbenches. With freestanding stations, equipment is always nearby and the workspace can be quickly rearranged according to the task at hand. As for machining and maintenance departments, they need heavy-duty cabinets designed for intensive use. Whatever your requirements, we have the solution!

Features

- The hasp or lock are positioned so they do not impede the hand.
- Hinges can be adjusted to move door horizontally and vertically.
- Door closes with a simple push.
- Door opens to the left or the right.
- Heavy-duty construction.
