

Step Stands

Overview

TECHSTAR'S™ Step Stands have a super-wide design, rubber feet and large stepping area with non-skid surface, ensuring rock-solid stability! They are rotomoulded from LLDPE so they're resistant to both chemicals and sun degradation. Plus, the moulded in handles make handling the step stand no problem! These Industrial Step Stands are perfect for warehouses, boat boarding, dock steps, horse mounting, car and truck washing, mechanic shops, garages, etc. Industrial Step Stands are stocked in yellow and grey.
