

## Storage Bins

Meet your storage needs efficiently with our Nest and Stack Tote Boxes. These versatile containers are ingeniously designed to stack when full and nest when empty—simply rotate them 180° for seamless storage optimization. Crafted from durable, injection-molded polypropylene, they offer robust strength yet remain surprisingly lightweight, ensuring ease of handling and transport.

Available in Blue

Our Nest and Stack Tote Boxes are stocked in a sleek blue color, ideal for easy identification and organization in various settings. Whether you're managing inventory in a warehouse, organizing supplies in retail, or optimizing space in healthcare facilities, these tote boxes provide a reliable solution with a touch of professional style.
